ASM Chilltech

UI UX Case Study

Project Overview

We were asked to pick the website from the design phase where the previous agency dropped not so effective home page design. We were asked to follow the existing logo style for this website.

Challenge was to provide a simple and clean design along with a backend which will make easier for the client's team to edit and modify the content of the site.

About ASM Chilltech

ASM Chilltech provides HVAC & Mechanical Services for existing facilities in the commercial, industrial and manufacturing sectors. A trusted partner providing customized and sustainable solutions that improve your built environment.

Typography

Poppins

Regular **Medium** **Semibold** **Bold**

Aa

Lorem ipsum is simply dummy text of the printing and typesetting industry. Lorem ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.
