

[] Payrix

UI UX Case Study

DIGITAL PAYMENT SOLUTION

Project Overview

We were on subcontracting partnership with Payrix for their digital requirements to design UI UX, for their website and digital app form. We also worked on brochure design and supported them with social media creatives as well.

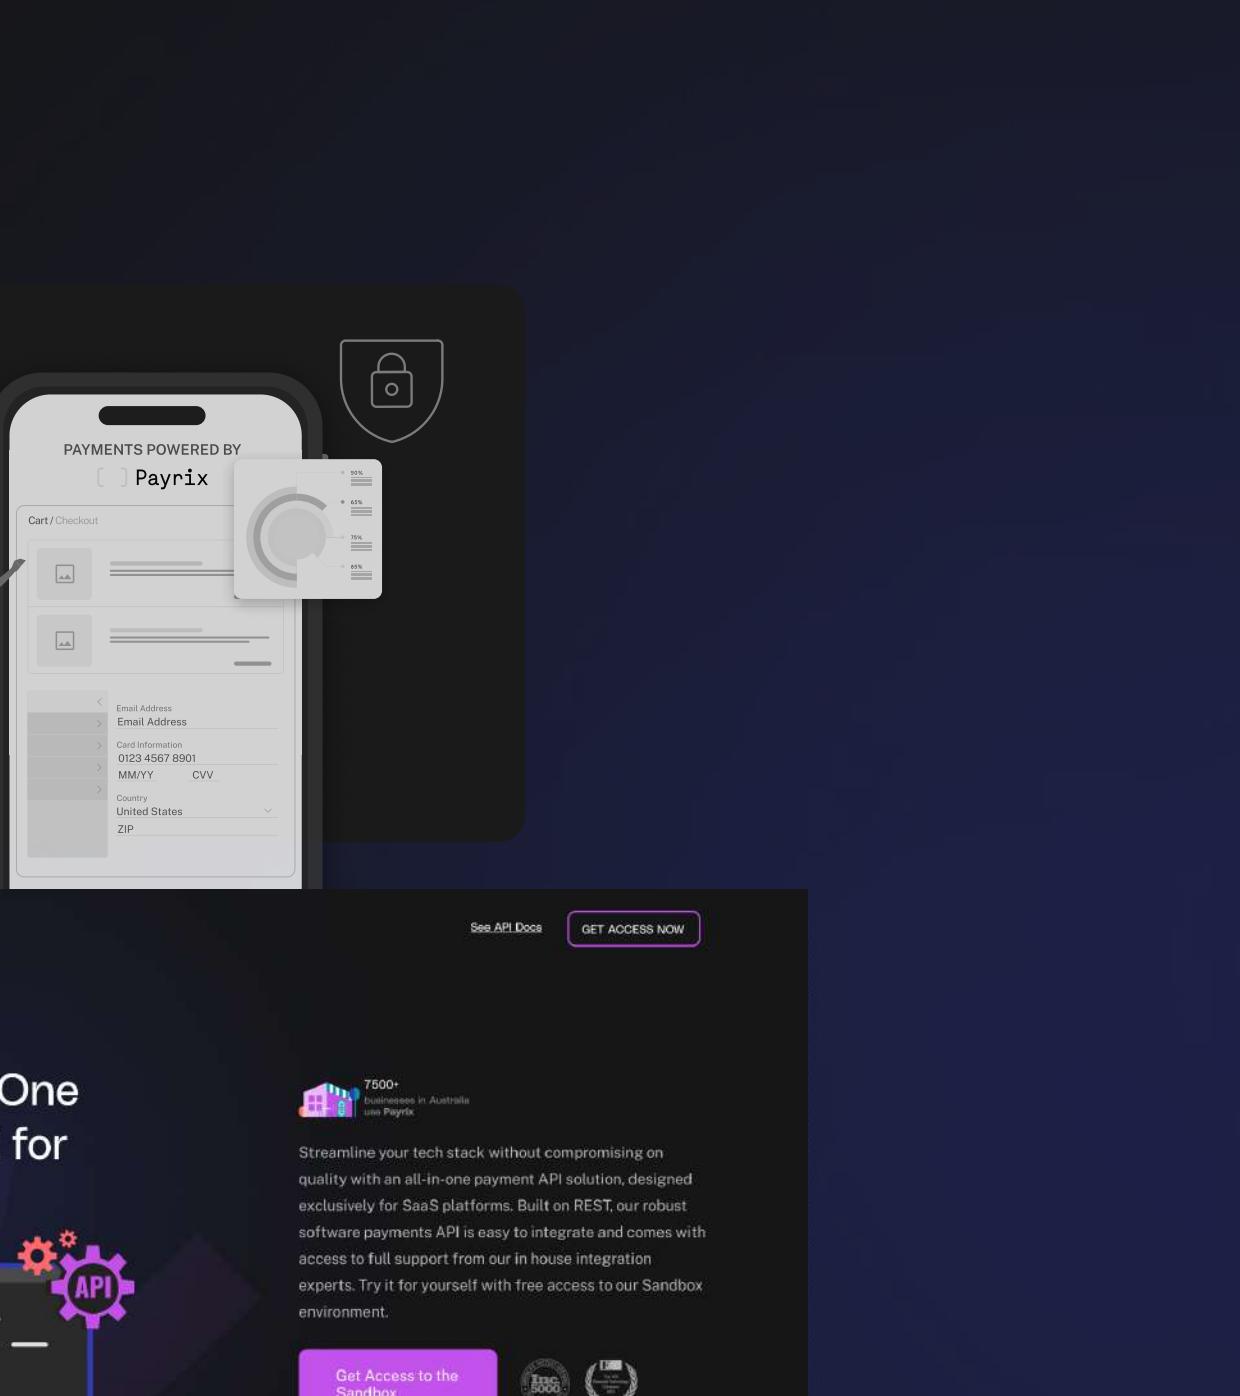

Duration - 08 Weeks

Industry - Digital Payments

Deliverables - Website, Digital App, Brochure

About Payrix

Payrix is an embedded payments company for high-growth vertical software platforms. A payment solution that absorbs the risk, infrastructure buildup, and complexity that comes with managing payments in-house.
