WHO WE ARE?

Headspur Technologies is a seasoned digital solutions provider with 14 years of experience in helping businesses scale in the digital space. Our close-knit team of 20 professionals combines creative vision with technical expertise to deliver tailored support for companies looking to expand their digital footprint.

Since 2010, we have been partnering with businesses across various industries, with our ability to blend creativity with technical prowess, offering a unique approach to digital transformation that sets our clients apart in an increasingly competitive online landscape. Our boutique size allows us to maintain agility and provide personalized attention to each client, while our wealth of experience ensures we deliver robust, scalable solutions.

Celio

CLIENT INTRO :

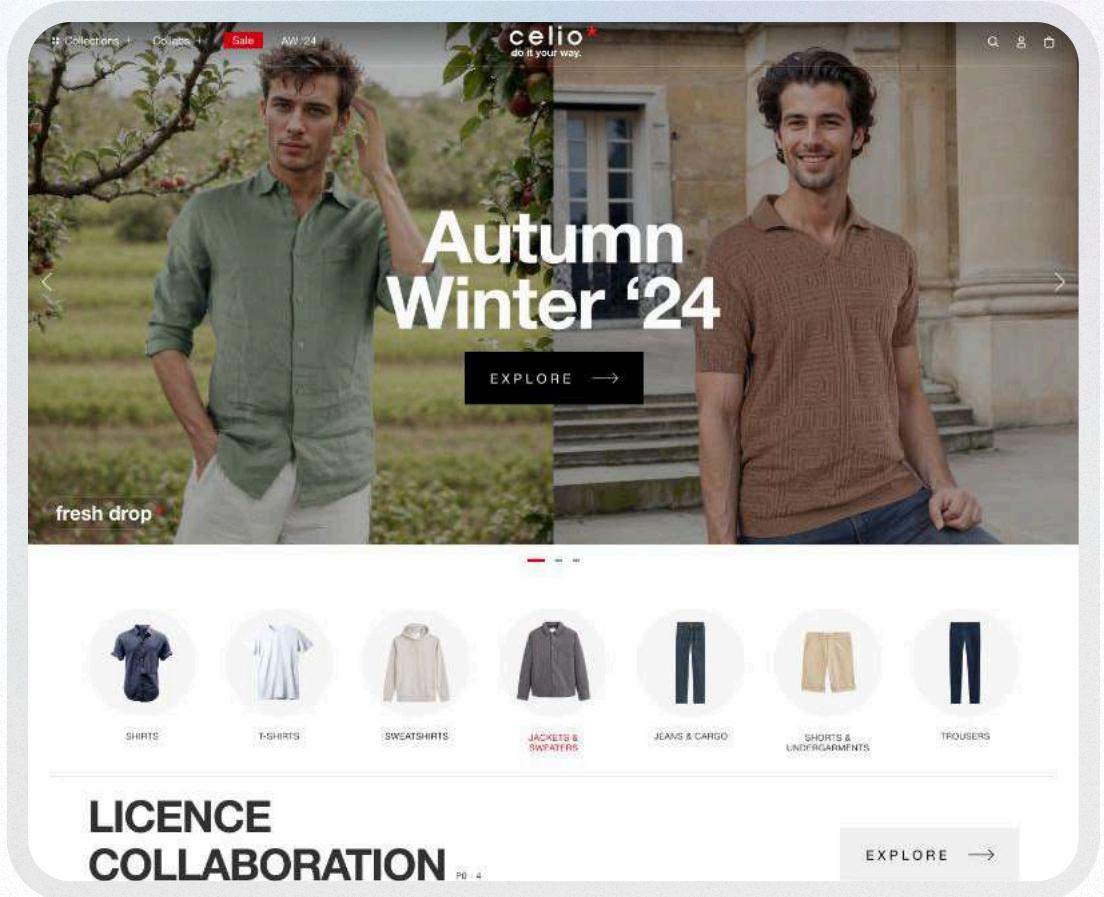

Celio a global leader in men's fashion with a presence in over 60 countries. Known for its high-quality, smart, and contemporary menswear, Celio brings exclusive collections to India, blending masculinity with relaxed style.

THE PROBLEM :

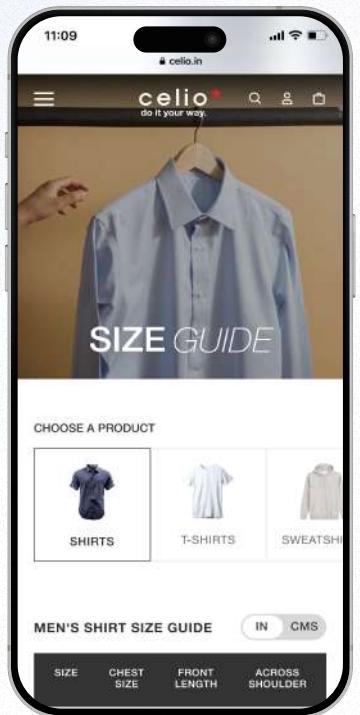

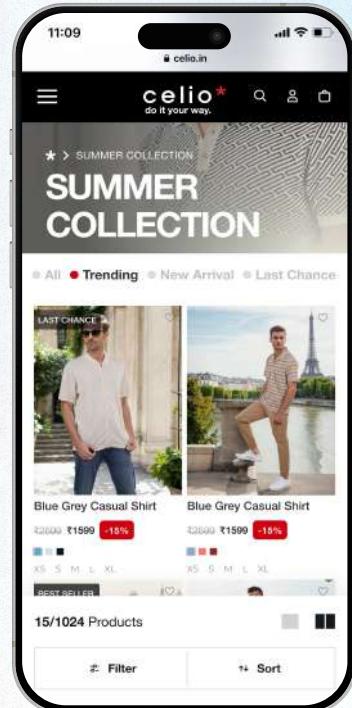

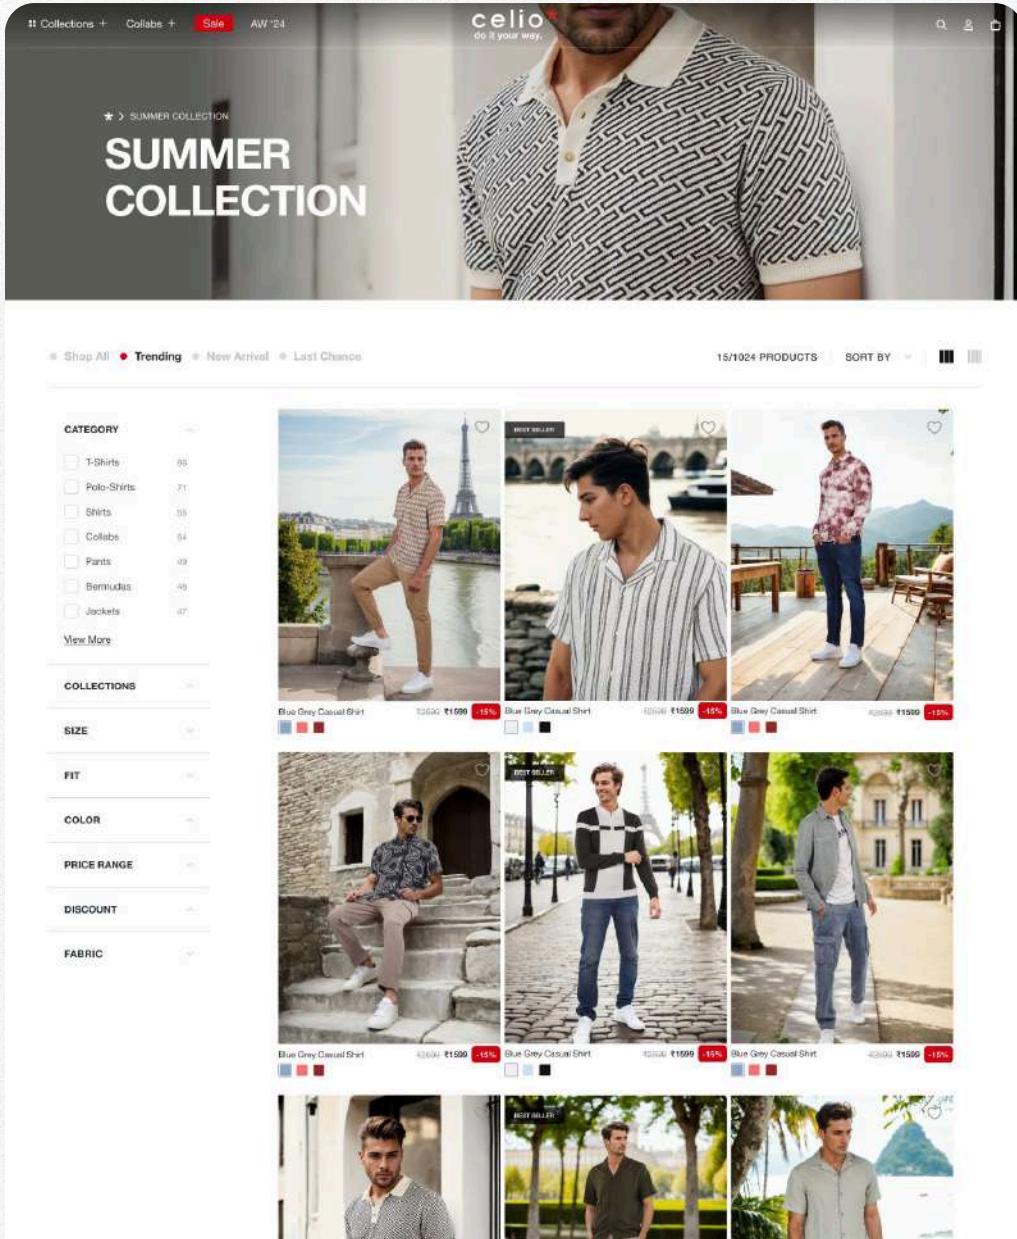

Celio engaged our services to revamp their website's user experience and migrate their platform from THG to Shopify. We are their technology partner for scaling their digital business.

RESULTS DELIVERED :

- E-commerce store design & development
- Data Migration
- Data Analytics
- 3rd party tool integration

42% | Spike In Sales

Boast

CLIENT INTRO :

Boast is a dynamic, new-age mobile accessory brand that has quickly established itself as a prominent player in the offline retail space. Founded with a vision to revolutionize the mobile accessory market, Boast offers a range of innovative, stylish, and high-quality products designed to enhance the mobile experience for modern consumers.

THE PROBLEM :

Boast, a new-age mobile accessory brand, approached Headspur Technologies with a critical challenge: to develop a comprehensive brand strategy and establish a robust online presence that would complement their already strong offline market position.

RESULTS DELIVERED :

- Branding & Logo Design
- Website Design & Development
- Packaging Design

The screenshot shows the Boast website's homepage. At the top right, there are links for 'Bulk Orders', 'Contact Us', and user icons. The main title 'Boast' is centered above a large image of a black portable power bank. To the right, a call-to-action button says 'Ultimate portable power solution!' with a blue gradient background. Below it, a subtext reads 'Reliable, high-quality, and innovative solution that keep your devices charged anytime, anywhere.' with a small blue arrow icon. Two options for capacity are shown: '10000 mAh' and '20000 mAh'. A navigation bar below features 'Products' and a 'View Shop' link. The 'Products' section displays two items: a 'POWER BANK' (a black rectangular device) and 'HEADPHONES' (a blue case containing a pair of headphones). At the bottom, three service icons are visible: 'Home Delivery', 'Advanced Technology', and 'Customer Service'.

What our community has to say

NeoPalms

CLIENT INTRO :

Neopalms is a menswear e-commerce fashion brand, offering utmost comfort while exuding sophistication and minimalism to new-age modern men. With more than a decade of exploration in the field of textiles and product development, neopalms is known to deliver high-quality everyday garments.

THE PROBLEM :

Neopalm, a new premium men's wear brand, engaged our services to establish their brand identity and develop an e-commerce store that prioritizes user experience and brand visibility.

RESULTS DELIVERED :

- E-commerce store design & development
- 3rd party tool integration
- Store optimisation

The screenshot shows the NeoPalms website homepage. At the top, there is a navigation bar with links for 'Shop', 'Collections', 'Club Maloka', 'Journal', 'About', and a search icon. A banner at the top features a man in a striped shirt and the text 'Where *Modern* Style Meets Quiet *Luxury*'. Below the banner is a 'Shop Now' button. The main content area includes a large image of a man in a plaid shirt, a smaller video thumbnail showing a man in a plaid shirt, and a section for the 'Spring — Summer 2024' collection update. The collection update text is in a cursive font and includes a 'Shop Collection' button. There are also three smaller images of men in various shirts.

Free Delivery for orders over ₹2400.

CLIENT INTRO :

Chorus Sleep is the first solution to bring everything you need for better sleep under one roof. Our evidence-based mobile app and coaching program helps 80% of people sleep better and wake up feeling refreshed.

THE PROBLEM :

Hey Caddy engaged our services to provide technical support in improving their digital presence and driving sales growth across their franchise network.

RESULTS DELIVERED :

- Website Design
- App Design
- Marketing Creatives
- Brochure & Poster Design
- Animated Video
- Emailer Design

The screenshot shows the Chorus Sleep homepage with a dark background featuring a night sky and mountains. At the top right are navigation links: 'For Individuals', 'For Employers', 'Pricing', 'Blog', 'Get the App', and 'Log In'. The main headline reads 'The first sleep-specific solution for the modern professional'. Below it is a sub-headline: 'Hi, we're Chorus Sleep. The smartest way to support better work and life for your people. Our evidence-based program is available through awesome employers everywhere.' A blue button labeled 'Free 3-Min Demo' is visible. To the right, three smartphones display different screens of the Chorus Sleep app, showing features like 'Your Sleep Tracker', 'Track & Measure', and 'Sleep'. Below the phones, a large callout box contains the statistic '80% of people improve their sleep'. To the right of this box are two smaller boxes: one for 'higher productivity' and another for 'improved mental health', both marked with an 'X%' symbol. At the bottom, there are two illustrations: a woman jumping with stars above her head and two people jogging. Below these are two orange buttons: 'Mental Health' and 'Physical Health'.

The first sleep-specific solution for the modern professional

Hi, we're Chorus Sleep. The smartest way to support better work and life for your people. Our evidence-based program is available through awesome employers everywhere.

Thyme works directly with clients through an online design process to create, visualize, and order home cabinetry directly from their computer, bypassing the traditional dealer network.

THE PROBLEM :

Thyme, a new venture by a former GE director, engaged our services to establish a strong brand identity and create a digital presence that appeals to discerning customers seeking European-inspired home furnishings.

RESULTS DELIVERED :

- Branding & Logo Design
- Website Design & Development
- Sales flow channel creation

Thyme Branding Strategy

The goal of Thyme's branding strategy is to create a brand identity that resonates with its target market and differentiates itself from traditional cabinet companies by offering a digital design only, project management experience, quality materials and craftsmanship, fast delivery and affordable prices. Thyme aims to position itself as a more accessible and affordable option for consumers who desire European-style cabinets for the kitchen and every room in the home but are limited by budget or time constraints.

Maloka

CLIENT INTRO :

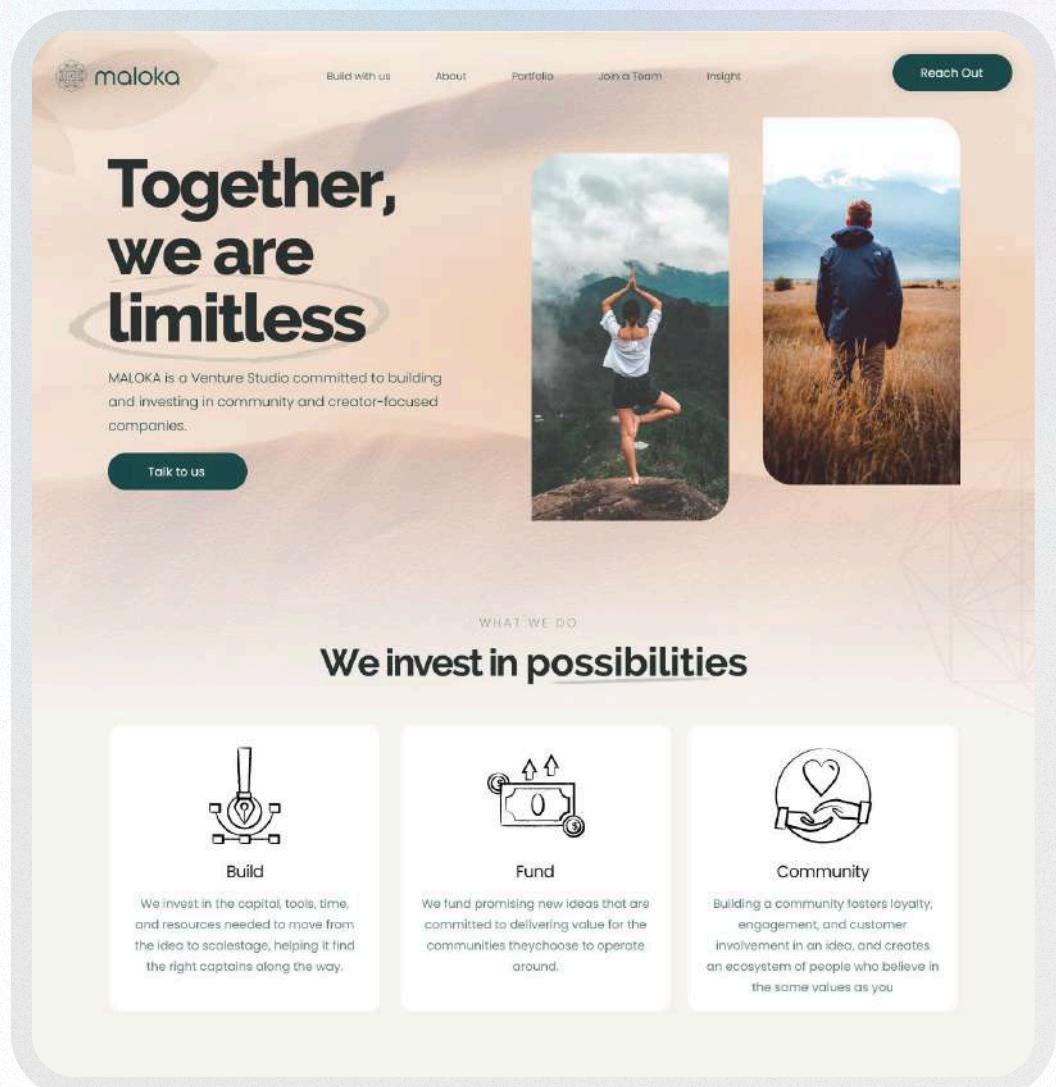

Maloka is a Venture Studio committed to building and investing in the community and creator-focused companies. Their founding team and partners are equally committed to providing the resources, expertise, and strategic guidance early-stage startups and their entrepreneurs often need.

THE PROBLEM :

Natasha entrusted us to develop a brand identity and digital presence for her new venture studio that reflects her unique personality and ideology

RESULTS DELIVERED :

- Branding Design
- Website Design & Development

The image shows the homepage of the Maloka website. The header features the Maloka logo and navigation links for "Build with us", "About", "Portfolio", "Join a Team", "Insight", and a prominent "Reach Out" button. The main hero section has a large, bold title "Together, we are limitless" with a subtitle explaining Maloka's commitment to building and investing in community and creator-focused companies. Below the title is a "Talk to us" button. To the right are two photographs: one of a person practicing yoga on a rock, and another of a person standing in a field looking at a mountain range. The footer section, titled "WHAT WE DO", contains three boxes: "Build" (represented by a stylized gear icon), "Fund" (represented by a dollar bill icon with upward arrows), and "Community" (represented by hands holding a heart icon). Each box includes a brief description of the service.

Together, we are limitless

MALOKA is a Venture Studio committed to building and investing in community and creator-focused companies.

Talk to us

WHAT WE DO

We invest in possibilities

Build

We invest in the capital, tools, time, and resources needed to move from the idea to scalestage, helping it find the right captains along the way.

Fund

We fund promising new ideas that are committed to delivering value for the communities they choose to operate around.

Community

Building a community fosters loyalty, engagement, and customer involvement in an idea, and creates an ecosystem of people who believe in the same values as you.

WE ARE A LOREM

Take the next logical step

We believe every idea deserves to find a home to grow in. Through our values of courage and community, we give ideas the space, time, and resources to make the difference that they dreamt to.

[Talk to us](#)

OUR MISSION

Vasudhaiva Kutumbakam

MALOKA believes that the most vital catalyst for innovation is an ecosystem that believes in a good idea and invests in scaling it to meet community needs and opportunities. Our founding team and our partners are equally committed to providing the resources, expertise, and strategic guidance early-stage startups and their entrepreneurs often need.

We leverage the most value from our individual strengths, brought to the table in a collaborative manner, to help build, scale, and make profitable the ideas that the world needs right now.

Mabel's

CLIENT INTRO :

Mabel's Vacation Rentals was started in 2019 and has grown ever since, now offering the most luxurious and memorable vacation rental experiences in the Greater Coachella Valley with expert vacation rental hosts here to help.

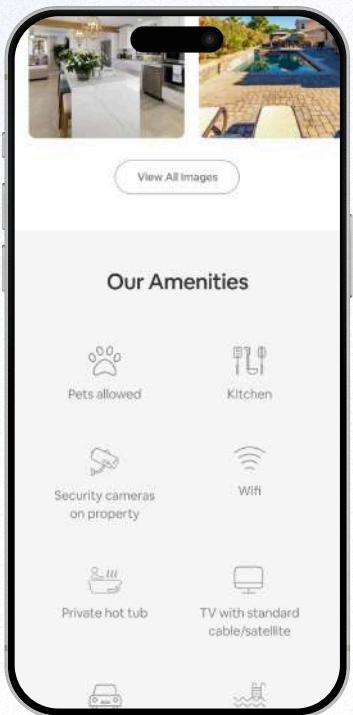

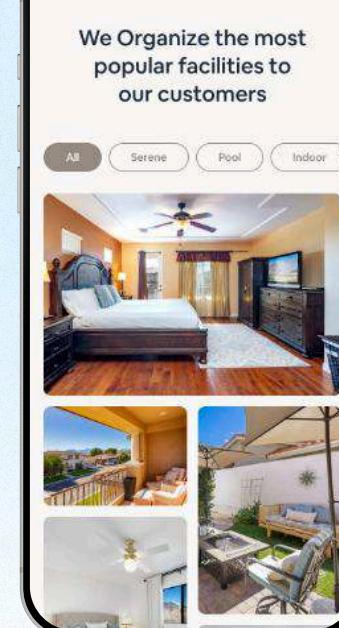

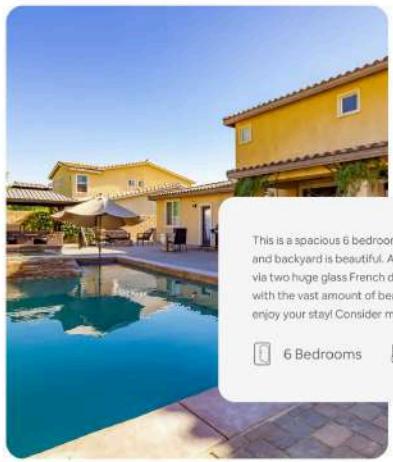

THE PROBLEM :

We were challenged with creating a user-friendly direct booking platform that would allow the vacation rental brand to bypass third-party platforms and connect directly with their customers

RESULTS DELIVERED :

- Logo & brand book design
- Website Design & Development
- Booking engine development
- Annual Maintenance contract

The screenshot shows the homepage of the Mabel's Vacation Rentals website. At the top, there is a navigation bar with links for Home, Locations, How to Book, About The Host, Contact Us, and Events. The main visual is a photograph of a modern, open-concept interior featuring a kitchen with stainless steel appliances, a dining area with a large wooden table, and a living room. Overlaid on the image is the text "Luxury, Comfort And Space, All In One Estate." Below the image is a search and booking form with fields for Location (Select Location), Arrival (Add dates), Departure (Add dates), Guests (1 guest), and a "Book Now" button. A note below the form says "Dates busy? Check our calendar to find out what's available." At the bottom of the page, there are three smaller images showing different views of the property: a kitchen interior, an outdoor pool area, and a balcony view.

CitizenShipper

CLIENT INTRO :

CitizenShipper connects people who need to transport their beloved pets and hard-to-ship items; like cars, motorcycles and furniture, with trusted and reliable transportation professionals, match their needs, budget and schedule.

THE PROBLEM :

Hey Caddy engaged our services to provide technical support in improving their digital presence and driving sales growth across their franchise network.

RESULTS DELIVERED :

- Market Research
 - UI UX Design
 - AB Test
 - Development
